

BOILER HOUSE HIRE GUIDE

THE BOILER HOUSE

Welcome to the Boiler House – a former district power station just a mile from the middle of Manchester, repurposed as a centre for making and mending. The Boiler House can be hired for events, workshops and meetings.

In the 1980s the Boiler House operated as a power station for thousands of homes in Moss Side. In May 2019, Manchester-based social enterprise Sow the City signed a 12-year lease on the building. Our vision is to empower communities to grow and live sustainably.

As well as space for hire, we run free community activities that provide skills for employment, improve health and wellbeing, develop a circular economy, and promote gender and race equality.

HANGAR

The **HANGAR** is available to hire for larger events and workshops. It boasts a lofty 100m² warehouse space with a seating capacity of up to 40 people and standing capacity for around 100. A sound system and projector are available and workbenches and stools can be provided.

Please be aware that this space isn't heated and will be colder during the winter months. During the summer you can open the three big roller shutters and let in the sun!

There is an adjacent reception area with sofas and a kitchenette with tea and coffee making facilities and two toilets – one with disabled access.

WORKSHOPS

The Boiler House includes four multi-functional workshops that can be rented by the day or month depending on availability.

We have a variety of skilled craftspeople that can be hired too if you would like technical support running workshops or making projects.

WORKSHOP 1

45 m² woodworking and multi-purpose workshop space. It has 4 large workbenches, and stools and space for up to 12 people. The room can be used for woodworking, art, or any hands-on activities. There are a selection of professional woodworking power tools and hand tools (please enquire to discuss what equipment is available). We can provide an induction on how to use the tools safely. The workshop has power points and electric heating.

WORKSHOP 2

25 m² workshop designed with space for 8 people to learn about DIY and sustainable construction. Partition walls provide an authentic practice environment. The space has multiple power points and access to a commercial-sized sink. The space has an extraction unit and can also be used as a spray booth.

WORKSHOPS 3 AND 4

20 m² micro enterprise units available on a daily or monthly basis and as a blank canvas for your small or start up business or community project.

OFFICE SPACE

Our upstairs offices can be hired for teaching, presenting and meetings. The area comprises of a flexible 32 m² **OPEN PLAN OFFICE SPACE** and 16 m² first floor **CONFERENCE MEETING ROOM**. Tables can be positioned according to your requirements. A projector is available.

We would recommend using the meeting room for up to 10 people and the open office as a classroom for 15 people sitting at desks, or 25 on chairs only.

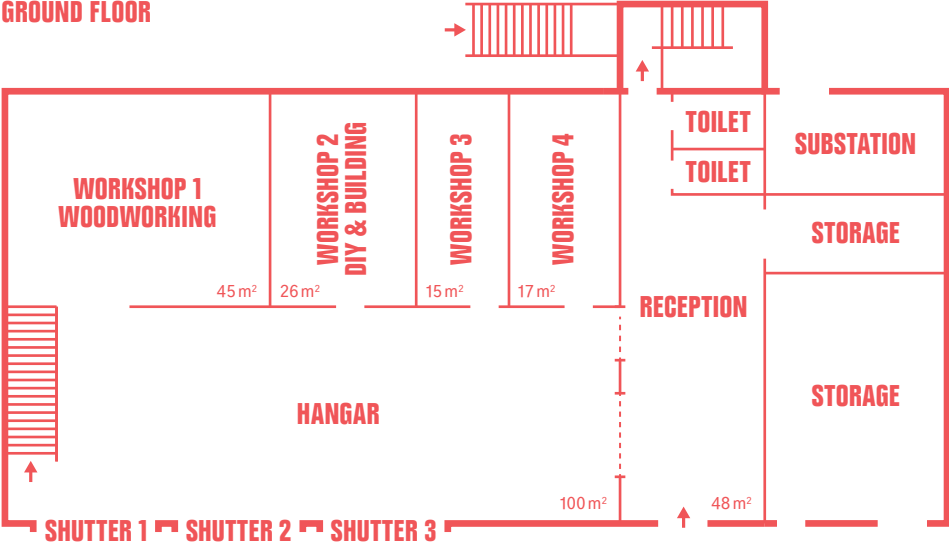

Both office spaces come with access to our 40 m² **GREEN ROOF TERRACE** with wildflowers and views over the rooftops of Moss Side!
